“Putting the pieces together”

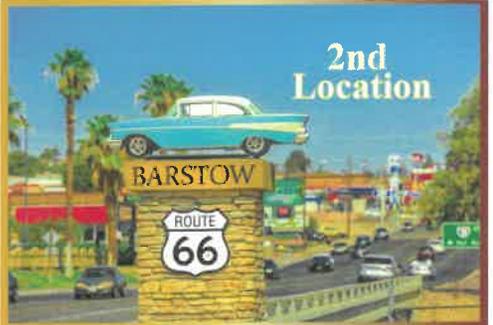

Advanced Therapeutic Services (ATS)

Advanced Therapeutic Services, specializes in both **substance use treatment** and **mental health care**. Our approach is rooted in an abstinence-based model of recovery for substance use disorders. We provide comprehensive support and therapies to help individuals achieve and maintain sobriety while addressing the underlying factors contributing to their addiction.

We offer dedicated mental health treatment services. Our treatment team of professionals are licensed and experienced in addressing complex mental health challenges; including **depression, anxiety, trauma (PTSD) and bipolar disorders**. We provide individualized treatment plans tailored to each persons unique needs, incorporating evidence-based therapies and techniques.

We aspire to be an important chapter in their journey of becoming whole, healthy and happy.
